TRACTORS FROM AUSTRIA -- Rzeczpospolita, No 155, 1 Jun 49

Motosbyt is buying 600 more 26-horsepower Steyr tractors in Austria, to be used exclusively for highway transportation and not agriculture. At the request of Motosbyt certain necessary technical changes were made to adapt the tractors for road use. Deliveries, already begun, are to be completed in four shipments of 150 units each within the next 4 months. The 400 tractors previously delivered were also assigned to highway transportation. It is expected that a total of 1000 Steyr tractors will be rolling over the Polish highways by fall.
